

IT'S ITALIA

VINO

Uva cattiva non fá buon vino! 🍷 *You can't make good wine from bad grapes!*

VINO

{ the wine }

The essential compliment to a delicious dish is a delightful glass of wine.

The wine should enhance the flavors of the food, inspire great conversation, and help us enjoy the moment, really live in the moment... tingling our taste buds while tickling our hearts!

After many visits to Italy, especially to the country towns where one breathes in life like the irresistible aroma of fresh baked bread wafting out of the town's bakery in the morning, I've decided that we Americans move too fast and miss too much.

"Ambition is a disease,"
says my friend Federico
from Montepulciano,
as we sip our Vin Santo
and dip our biscotti,
"and I don't want to catch it!"

So please relax and enjoy these wines,
all of which have been personally tasted
and selected; each of which is offered with
a wish that you might taste the richness
of life's moments in every glass...

Salute!
